Re: Federation Materials
Date: 24 July 2000

These are the Federation materials which I have assembled after being asked to put things together. It appears that we have two things to do:

- 1 canonical approval of the Federation
- 2 canonical approval of the Novitiate experience

I would presume that #2 above is of the more immediate urgency and that we do need eventually to seek #1. It appears to me from the Federation documentation that approval was sought at one time but then nothing happened and nothing was done. Having a long history with the Federation and knowing nearly all of the early officers, I would hazard a guess that approval was not an issue for them and the matter simply did not receive any follow-up - not out of any malice or opposition to the matter but is simply one of those things that slipped through the cracks.

Rose, please let me know if you need any further documentation and I will do my best to obtain it for you. I will be out of the office on week-days from August 7 to September 1 but will be here over the week-ends and will check my voice mail frequently. I can be reached as follows:
